FROM: Norma Aguero, Director of the Office of Child and Youth Protection

SUBJECT: New Online Safe Environment Training Program Launch

I am happy to announce that the Catholic Mutual Group is our new online safe environment training provider. The new safety training program is ready and can be accessed immediately at <https://orange.cmqconnect.org>.

The CMG Connect program will require all new users to create a login profile. The program consists of a three part training video, *Safe Haven- It's Up to You*, offered in both English and Spanish. For the convenience of the user, the program is set up so that if a user needs to stop the course at any time, it will resume where the user left off. As with past training, individuals will need to re-train every three years for both employees and volunteers.

Along with this notification, you are also receiving an **Instruction Sheet** which will guide users with getting started. CMG Connect will be ready to assist any person who encounters problems with the site. For assistance please instruct individuals to use the **Support** link located on the top right corner of the site.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Norma Aguero

Director, Child and Youth Protection
